T-SHIRT ORDER FORM

Benefitting Aaron Scharpe of Green Isle

In 2011, Aaron was diagnosed with kidney disease, and received a kidney transplant from his aunt. In 2015, he was diagnosed with melanoma and underwent surgery and radiation. The anti-rejection medication he was taking for the kidney transplant was reduced, and oral immunotherapy was started. In 2018, Aaron again had surgery to remove a lump on his back, as well as malignant tumors on his spine. The anti-rejection medications he had been taking since the kidney transplant had to be stopped, which will result in the kidney failing, and Aaron will again undergo dialysis. Aaron is not able to walk, and is currently doing his physical and occupational therapy at his home. **ALL** of the proceeds raised from the 5K will assist Aaron with his medical expenses.
